Dear Brothers and Sisters,

Kommunal, the Swedish Municipal Workers' Union, sends a message of solidarity to all FP CGIL members ahead of your manifestation to be held in Rome on 25 October.

Kommunal, the biggest trade union in Sweden with over 509 000 members, fully supports your struggle against the government's proposal to change the law regarding workers' rights and your fight to protect trade union rights.

We wish you a successful manifestation and hope that the government will enter into dialogue with you regarding the labour law.

In solidarity,

Annelie Nordström
President of Kommunal
