

To Fire Brigade Union General Secretary
Matt Wrack
to all FBU comrades

Dear Secretary,
Dear comrades,

on behalf of the our General Secretary of FPCGIL Serena Sorrentino we want to thank you for the video in which you express your solidarity with Italian Firefighters singing Bella Ciao, a very important song for us that is the symbol of the liberation from Nazi Fascism, that we celebrate on 25th of April.

We were really moved by it and all our comrades too.

Solidarity is very important for people and for workers, we always need support and above all in a difficult moment as the one we are all living now.

We send back our solidarity to all UK Firefighters, to all Firefighters in the world, to all UK workers, to all workers in the world.

We know that the crisis is hitting hard also in your country and we wish we can all overcome it.

Thank you so much

In solidarity

Rome, 22th of April 2020
