

Dear Colleagues,

On behalf of the OGBL's Health, Social Care Union in Luxembourg and its affiliates, we offer our support and solidarity to the CGIL for your action.

In Luxembourg as everywhere, we need, and are therefore fighting for strong public health, care and social systems to make sure our care services aren't being washed away by austerity, neoliberal influences, and privatization efforts. That's why we stand united, in solidarity, in your demand to defend the national healthcare system and your commitment to improve the healthcare sector.

Now more than ever, trade unions must stand together and act to defend their rights!

In solidarity,

Pitt Bach

Secrétaire central

Syndicat Santé, Services sociaux et éducatifs
